**RE: St John of God – Richmond Hospital Redevelopment
Request to expedite Removal of Unexpected Find Friable Asbestos Approval**

In response to P. Clifton Associates Removal of Asbestos Control Plan dated 22.08.2022 for the Wellness centre area at 177 Grose Vale Road North Richmond NSW, Richard Crookes Construction hereby seeks an expedited approval from Safework NSW to proceed with the removal works due to the close proximity of the unexpected find with the daily operations of the hospital.

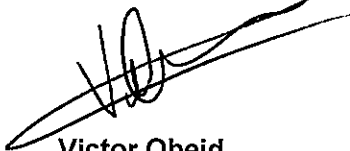

The Wellness Centre currently lies in close proximity to the Xavier building in which highly dependant patients are treated, some of whom are spotted throughout the day walking around the perimeter of the site.

RCC is fully committed to working in partnership with Safework NSW, St John of God and all stakeholders and believe an expedited approval will assist in ensuring the continued safety of all involved.

If you have any questions please do not hesitate to contact the undersigned.

Thank you for your understanding.

Yours faithfully
RICHARD CROOKES CONSTRUCTIONS PTY LIMITED
