Subject: Conditions of Consent - Ecologically Sustainable Development

Hi Damian & Tom,

I writing to you with regards to SSDA Condition of Consent C9 - Ecologically Sustainable Development.

SJG Richmond has written to DPIE seeking approval from the Planning Secretary for an alternative certification process.(see attached letter). The alternate certification process we are seeking approval for involves a Green Star Design and As-Built 4 Star Equivalency: Design and As-Built Review, noting that the project is currently designed to 4 Star Green Star Equivalency.

In the instance that DPIE reply's to SJG Richmond request the project adheres to registration with the Green Building Council of Australia (GBCA), we confirm that this direction will be followed & thereby registering for a minimum 4-star Green Star rating.

We trust this provides you with clarity regarding the Construction Certificates

Thanks

Deborah Shaw | Project Manager - Redevelopment St John of God Richmond Hospital
