SERVICES

- Completed a \$21 million redevelopment including intensive care unit, cardiac care unit, operating theatre, cardiovascular interventional laboratory and education and research facility.
- Achieved national 99th percentile ranking in Press Ganey patient experience results in three categories: day surgery services; emergency department; and inpatient care.
- Commissioned the GMHBA members' lounge, an innovative area for members to access when at St John of God Geelong Hospital.
- Introduced a new menu management system allowing patients to order meals closer to meal times to improve service offering.
- Expanded robotic surgery program to include thoracic and gynaecological specialties.
- Introduced net promoter score point of care feedback to measure patient experience.
- Introduced CARTwheels art program to allow patients to engage in creative spaces to support healing and recovery.
- Introduced Delta Dogs pet therapy program.

PEOPLE

- Theatre Manager Carl Thomas awarded Caregiver of the Year.
- Established GP Liaison Unit led by Dr Janelle Bennett.
- Introduced a Cancer Case Coordinator role to support oncology service.
- Introduced post-graduate nursing training position in emergency department in partnership with Melbourne University.
- Achieved a zero serious lost time injury rate.

- Partnered with local disability employment services to create employment opportunities for people with a disability.

COMMUNITY

- Total of 82 caregivers volunteered to support the Christ Church (Anglican) breakfast program supporting the homeless.
- Continued to support a range of community organisations such as the White Ribbon Appeal and The Road Home.
- Major partner of Hope Bereavement Program providing support to families who experience the sudden and unexpected death of a child.
- Partnered with Rotary as major sponsor for the Annual District Rotary Conference.
- Hosted Tanzanian midwifery student Ivony Kamala in a western hospital immersion experience.
- Continued to partner with the Geelong Football Club to sponsor their Just Think program educating young people in the community about responsible drinking.

YEAR AHEAD

- Expand specialist training program to include General Medicine Registrar position.
- Commence pulmonary rehabilitation program.
- Develop pre-admission and post-surgical bariatric program.
- Complete final stage of kitchen infrastructure upgrade.
